Armory Registration Information

The **SECOND EDITION** of the Schedule of Classes should be used **AFTER PREREGISTRATION SCHEDULES ARE MAILED..** The Second Edition reflects changes made to course offerings since the First Edition was printed. It shows courses and/or sections added and omits courses and/or sections deleted since the First Edition. Thus, courses may appear on the preregistration Schedule that exist but did not appear in the First Edition.

The **FIRST EDITION** of the Schedule of Classes should be used only **DURING PREREGISTRATION.** Sections or courses may be cancelled and/or added as a result of class enrollment observed during Preregistration.

The University of Maryland uses an individual student's social security number as his or her identification number for University records. If you do not wish the University to use your social security number for this purpose, write the Office of Registration, North Administration Building, College Park, Maryland 20742. The University will then assign its own number to you for record keeping purposes.

The provisions of this publication are not to be regarded as an irrevocable contract between the student and the University of Maryland. Changes are affected from time to time in the general regulations, in class scheduling, and in the academic requirements.

Step 5 — How To Pay Your Bill

IF YOU DID NOT PREREGISTER	IF YOU DID PREREGISTER
Complete academic course sectioning. Complete the Student Bill Form given to you upon entrance to the Bill Paying Area at Station #1. Go to Student Aid Desk if you have any form of student aid financial support coming to you. Go to the Bill Processing Area — Station #2 to get bill added and obtain a payment card. Make out your check at the Check Writing Tables, Station #4. *Write student's name and social security number on the front of the check.* Pay the Cashier at Station #5. Proceed downstairs to station #6, ID Cards, room 0110, to receive current semester registration card. A graduate student or part-time undergraduate who returns to add course(s) which result in a net increase to his/her account must pay this amount at the time of registration.	Make any academic schedule adjustments. Do not enter the Bill Paying Area enclosure. Drop tuition payment in box at the Bill Paying Area entrance gate unless you require change from a check. *Be sure student's name and Social Security Number is written on the front of your check.* If you require a receipt, go to the Cashiers Window in the South Administration Building and make your payment. Any drop/add which results in a net increase for your account must be paid at the time of registration. Any preregistered student whose bill is to be paid by an outside agency is requested to come to Room 1103, South Administration Building with a copy of the Agency Purchase Order prior to Registration to receive contract credit. The cut-off date for acceptance of all contracts is August 31, 1983. The student remains responsible for fees if not paid by sponsor. Exit via the rear door of the Armory.

Bills for payment of fees were mailed in July 1983 to students who preregistered for Fall 1983. Since the University has no deferred payment plan, PAYMENT IN FULL MUST BE MADE NO LATER THAN AUGUST 15, 1983. **Students who register in the Armory or during late registration must be prepared to pay their bills in full at the time of registration.**

Students who did not preregister and do not pay their bills while in the Armory have not completed registration. As a courtesy, the registration packet will be held at the Final Registration Station until payment is made. Proof of payment must be shown by Friday, September 3, 1983 and the packet picked up. If the packet is not picked up by September 3, 1983, when the Armory Registration closes, the packet will be held at the Registration Counter, first floor, North Administration Building through Late Registration. However, the Late Registration Fee ($20.00) is charged beginning September. Failure to pick up packet will result in no registration for the semester and no grades.
For additional information on fees and expenses, refer to pages 00 and 00.

For additional information on fees and expenses, refer to pages 00 and 00.

Financial Aid Checks (NDSL, BEOG, SEOG)

Students who did not preregister may pick up their financial aid checks in the Armory after securing add slips for at least 12 credits on August 29 or 30.

*Preregistered students may receive their checks in the Armory on August 31 or September 1, 1983.

All students must present proof of the required credit hours and their plastic transaction card or driver's license before a check can be disbursed.

*On Aug. 29 and 30 Alphabetic Schedule for entrance to Armory is in effect.

Step 6 — What To Do in the Armory Basement

Identification Cards

Students entering the Armory basement from the upper arena will be directed to the Photo Identification Stations where they will be photographed and/or issued their Registration Card. Students who received Photo Identification Cards since the Fall, 1976 semester should continue to use them. Preregistered students who need only to replace an ID Card may enter the Armory basement at the side facing the North Administration Building.

Vehicle Registration

Students who wish to register their motor vehicle(s) will be directed to the northwest door of the Armory basement. Signs will be posted along the north walkway directing students to the northwest door. Students will enter Room 0126 to complete their vehicle registration applications and then proceed to the west corridor to receive validations. Students will exit through the southwest door.

Deadlines for Graduate Students and Part-time Undergraduates

Full-time undergraduate students do not receive a refund for courses dropped if the total number of credits for which they are registered remains 9 or more.

PRIOR TO THE FIRST DAY OF CLASSES, AUGUST 29-30, if a full-time undergraduate student drops a course or courses, thereby changing the total number of credits for which the student is registered to *8 or less,* charges for the semester will be assessed on the basis of the per credit hour fee for part-time students. However, if the student later adds a course or courses, thereby changing the total number of credits for which the student is registered to *9 or more,* the student will be billed for the difference between per credit hour fees paid and the general fees for full-time undergraduates.

If during the FIRST FIVE DAYS OF CLASSES (August 31-September 7) a full-time undergraduate drops a course or courses thereby changing the total number of credits for which he/she is registered to eight or less, charges for the semester will be assessed on the basis of part-time charges plus 20% of the difference between the full-time fees and appropriate part-time charges. After the first five days of classes, there is no refund for changing from full-time to part-time status.

SEPTEMBER 15 AND AFTER — $2.00 fee is assessed for *each* drop processed (to be billed).

This applies to both graduate and undergraduate students.

Refund Schedule for Dropping Courses
Graduate Students and Part-time Undergraduates

Both graduate students and part-time undergraduates are charged by the credit hour. A percentage charge and/or complete charge for the course may be imposed if the deadlines indicated below are not followed.

1. August 29 and 30 (prior to the first day of classes) ..... 100% refund
   There will be no charge for courses *dropped* on these two days
2. August 31-September 7 (first five days of classes) ..... 80% refund
   There will be a 20% charge imposed for courses *dropped* during this period.
3. September 8 and after ..... 0% refund
   Student will incur full charge for courses *dropped* during this period.
4. September 15 and after: a $2.00 charge is imposed for *each* drop processed (to be billed).

Students who wish to drop one course and add another at the same credit level must accomplish both transactions on the *same* day to insure additional charges are not imposed.

NOTE: A drop of one course and a credit level change of equal amount in another course, even if accomplished on the same day, *is not* considered an "even exchange" and appropriate charges for both courses will be imposed.

Cancellation of Registration

Students who preregister or register and later decide not to attend the University must **CANCEL** their registration **BY AUGUST 30.** Failure to cancel registration will result in financial obligation to the University even though the student does not attend class.

Reclassification to In-State Status

Please note that the Board of Regents approved a new policy for Determination of In-State Status for Admission, Tuition and Charge-Differential purposes effective Fall 1982. If you wish to challenge your out-of-state classification you may do so by filing a timely Petition. The deadline for meeting all requirements for an in-state and for submitting all documents for reclassification is the last day of late registration for the semester you wish to be classified as an in-state student.

Deadlines

Fall 1983 Semester	September 14, 1983
Spring, 1984 Semester	February 7, 1984
Summer Session I, 1984	June 5, 1984
Summer Session II, 1984	July 16, 1984

It is imperative that students who wish to request a review of their eligibility for an in-state classification submit the required documents to the appropriate office as soon as possible. The volume of requests for reclassification may necessitate a delay in completing the review process. It is hoped that a decision in each case will be made within ninety (90) days of receipt of a request for redetermination and all necessary documentation. During this period of time, or any further period of time required by the University, fees and charges based on the previous determination must be paid. If the determination is changed, any excess fees and charges will be refunded. It is to your advantage to apply early.

Petitions for review of eligibility, related documents and questions concerning the policy of the University of Maryland for the determination of in-state status should be directed to the following offices:

Undergraduates —
Admissions Counselor
Office of Undergraduate Admissions
Ground Floor
North Administration Building
454-4137

Graduate Students —

In-State Students

Academic Dishonesty

All forms of academic dishonesty are prohibited by the Code of Student Conduct. Violations of the Code may result in a severe sanction, including expulsion from the University. Specific definitions of cheating, plagiarism and fabrication are set forth in the Code and should be carefully reviewed by all students. For details on the Code of Student Conduct refer to the Undergraduate Catalog.

TO REPORT ACADEMIC DISHONESTY DIAL 454-4746 AND ASK FOR THE "CAMPUS ADVOCATE"

Academic dishonesty is a serious offense at the University beause it diminishes the quality of scholarship on our campus and defrauds those who may eventually depend upon our knowledge and integrity.

Guidelines to Administration for Examinations and Tests on Religious Holidays

Examinations and tests. All examinations and tests shall be given during class hours in accordance with the regularly scheduled (or officially "arranged") time and place of each course listed in the *Schedule of Classes and/or the Undergraduate Catalog*. Unpublished changes in the scheduling or location of class/tests must be approved by the department chairman and reported to the Provost. It is the responsibility of the student to be informed concerning the dates of announced quizzes tests and examinations

It is the policy of the University to excuse the absences of students that result from religious observances and to provide without penalty for the rescheduling of examinations that fall on religious holidays. Examinations and tests may not be scheduled on Rosh Hashannah, Yom Kippur, or Good Friday.* An instructor is not under obligation to give a student a make-up examination unless the absence was caused by illness, *religious observance* or by participating in University activities at the request of University authorities.

A make-up examination, when permitted, must be given on Campus, unless the published schedule and course description require other arrangements. The make-up examination must be at a time and place mutually agreeable to the instructor and student, cover only the material for which the student was originally responsible, and be given within a time limit that retains curency of the material. The make-up must not interfere with the student's regularly scheduled classes. In the event that a group of students require the same make-up examination, one make-up time may be scheduled at the convenience of the instructor and the largest possible number of students involved. Under the same guidelines students shall have equal access to all information and drills missed due to the reasons listed.

Veterans Benefits

Students attending the University under the Veteran's Education Assistance Act may receive assistance and entollment certification at the Veterans Certification Office on the 1st floor of the North Administration Building. The Staff is available to assist regarding monthly educational assistance checks as well as other benefits such as tutoring assistance and vocational rehabilitation services. Telephone 454-3430.

At other times unofficial transcripts are not available unless required for on-campus advisement purposes for currently enrolled students. Division and College offices on campus have record information for purposes of changing Division/College, etc.

If you have need of record information for other purposes, please request an official transcript at the Registrations Office, North Administration Building. Official transcripts are generally processed within a week and on occasion, the same day. Request must be in writing. A transcript cannot be processed if an outstanding debt is owed to the University. Contact the Registrations Office (x5559) if you have further questions.

Experiential Learning Programs

0119 Hornbake Undergraduate Library, 454-4767

What is Experiential Learning?
Experiential Learning Programs (ELP) offers three of the University's most exciting learning opportunities. Each is designed to give students the practical job experience in their major field which is invaluable for career advancement.

Cooperative Education
Cooperative Education is ELP's most intensive "learn by doing" program. Undergraduates alternate two semesters of full-time, fully paid, career-related work with semesters of full-time study. UMCP Co-op is a fast-growing, popular program that places students from any major except engineering with the area's leading federal agencies and private companies, most of which offer them permanent jobs after graduation. Credit can be earned for Co-op, as well.

Volunteer Service/Learning
Using the ELP listing of opportunities in over 800 different organizations in the area, students can arrange unpaid, not-for-credit placements that enhance their potential while benefitting society.

Internships
An internship is a paid or unpaid work experience that can be granted academic credit. Students use the extensive ELP listings to find their own placements, then enlist a faculty member to evaluate and assign credit to the work experience. A learning proposal assures that all parties understand what is expected. Students considering an internship under 386/387 should refer to the description of Office of Experiential Learning Programs in Section 2 of the Undergraduate Catalog for information on the regulations governing enrollment in these courses.

Health Center

The Health Center is located on Campus Drive directly across the street from the Student Union. The Health Center provides primary care for the treatment and prevention of illness and injury. Health education and health promotion programs are also offered. Health Center services include the dental clinic, men's clinic, women's clinic, sports medicine, nutrition counseling, mental health, social services, health education, laboratory and a pharmacy.

The Health Center is open 24 hours seven days a week. Hours vary during semester breaks and holidays. Appointments are recommended, however, students are also seen on a walk-in basis.

All currently registered students who have paid the health fee are eligible for care. This fee covers most routine costs. There are additional charges for special services such as X-ray, laboratory tests, dental treatment, allergy injections, casts, and pharmacy supplies.

All information in student medical records is confidential. Medical information is released only with the student's written permission or court-ordered subpoena. The Health Center does not issue routine absence excuses for illness or injury. In cases of prolonged absence or a missed exam, with the student's signed permission, the Health Center will verify dates of treatment. Requests go to the social worker, X6752.

Important Health Center telephone numbers are: information X3444, appointments X4923, mental health clinic X4925, pharmacy X6439, health insurance X6750.

Returning Students Program

Are you 25 or over and beginning or coming back to school after a break in your formal education? If so, the Returning Students Program, located on the second floor of the Shoemaker Building in the Reading and Study Skills Lab, offers you many resources. Come and explore our extensive information and publications network. The Returning Students Program's professional counselors and returning students trained as peer advisors are available to help you. Call 454-2935 or stop by to see us. Our free workshops in study skills, time management, goal setting, exam skills, and library skills are scheduled several times during each semester. EDCP 108R — a one-credit College Aims course for returning students is offered Fall and Spring semesters.

Golden Identification Card Program

The College Park campus participates in the University of Maryland's Golden Identification Card Program. The campus makes available various courses and services to persons who are 60 years of age or older by the first class day, residents of the State of Maryland and retired (not engaged in gainful employment for more than 20 hours per week). The program is also available to persons who are under 60 years of age and retired and disabled as defined by the Social Security or Railroad Retirement Act. When persons eligible for this Program apply for the Program or are newly admitted to the Program, they may register for credit courses as regular or special students in any session.

Tuition and most other fees are waived. The Golden Identification Card entitles eligible persons to certain academic services, including the use of the libraries, as well as certain other non-academic services. Such services are available during any session only to persons who have registered for one or more courses for that session. A card is issued after registration. For further information, please contact the Registrations Office, North Administration Bldg. 454-5559.

Identification Cards

New Photo Identification Cards will not be issued to students who currently have them.

Students who preregistered for the Fall 1983 session will receive a new Registration Card along with their Class Schedule and Bill. This card will validate their Photo Identification Card. Both cards should be carried at all times.

Students who do not preregister will receive identification cards when they do register.

Together the Photo Identification Card and Registration Card can be used by all students to withdraw books from the libraries, for admission to most athletic, social, and cultural events, and as a general form of identification on campus. Students who have food service contracts must use the Photo Dining Services Card for admission to the dining halls.

There is a replacement charge of $1.00 for lost or stolen Registration Cards and $7.00 for lost, stolen, or broken Photo Identification Cards.

Questions concerning the identification system should be addressed to the Office of Registrations (454-5365).

Remission of Fees for Faculty and Staff

Every semester an approved Authorization for Remission of Fees form must be turned in to the College Park Personnel Office (Room 1129, South Administration Building) in order to receive credit on the student bill for courses taken by faculty and staff members. Usually the authorizing department will forward this form directly to the Personnel Office. Each faculty and staff member should check with his department to ascertain that the proper forms have been submitted.

Tuition waiver forms for preregistered students must be received by campus personnel office by August 15, 1983.

Published deadlines and procedures for admission, readmission or reinstatement and registration apply to University faculty and staff who wish to take courses.

Questions regarding admission? Contact Admissions Office, 454-5550.
Questions regarding registrations? Contact Registrations Office, 454-5559.
Questions regarding employee remission of fees? Contact Personnel Services, 454-6312.

Tuition Waiver Policy

(Employee Spouse and Dependent)

The University Board of Regents has approved a partial tuition waiver policy for the spouse and dependent children of full-time University employees. The policy will provide a waiver of **one-third of the tuition charges only** for eligible students.

The Partial Tuition Waiver forms are available at each campus Personnel Department. The completed form is to be returned to the campus personnel office where the student's spouse or parent is employed for approval. The student copy of the approved form will be returned to the student and should be maintained.

If the student has preregistered, the tuition waiver credit will appear on the student's account prior to the first day of classes. The tuition waiver credit may not appear on the preregistration bill, as this posting is determined by the date the completed form is returned to the campus Personnel Department. If the student registers during the Armory or late registration periods, or adds additional courses during these registration periods, the student copy must be presented at the Bursar's Office Bill Adding Station (Armory Registration) to avoid paying the full tuition amount.

If the student receiving the partial tuition waiver drops classes or withdraws from the University and is eligible for a refund, the refund computations will be made in such a way as to return the maximum amount to the tuition waiver account.

Change of Address Procedure

Change in either local mailing or permanent address can be processed AT ANY TIME DURING THE SEMESTER IN WHICH THEY OCCUR. Address changes are posted to the computer by the Office of the Bursar. Address Change Forms are available at the following places:

1. Office of the Bursar, Address Unit, South Administration Building, Room 1121 or 1103, 8:30 a.m. to 4:15 p.m., Monday-Friday 8:30-4:30.
2. Registration Counter, North Administration Building, First Floor Lobby, 8:30 a.m.-4:30 p.m. Monday through Friday.
3. Deans' or Provosts' Offices, 8:30-4:30 p.m., Monday-Friday

Since many University communications to students are handled through the mail, it is imperative that accurate, and up-to-date addresses be maintained throughout the enrollment period. During the academic year the permanent address for currently registered students will be used for grade reports, combined preregistration schedules and bills, and other billings. The local address on file for currently registered students will be used for all other mailings. The permanent address on file for students not currently registered will be used for all mailings. Any student wishing his/her address to be kept confidential should contact the Registration Counter.

Financial Information

Tuition, Fees and Other Expenses

ALL STUDENTS WHO PREREGISTER FOR THE Fall SEMESTER INCUR A FINANCIAL OBLIGATION TO THE UNIVERSITY. Financial policy and fees are set by the University with the approval of the Board of Regents. The University of Maryland does not have a deferred payment plan.

It is the policy of the University *not* to defer payment of fees on the basis of a pending application for financial assistance to an outside agency. This includes Veterans Administration, banks, guaranteed student loan programs, etc.

Returning students will not be permitted to complete registration until all financial obligations to the University including current semester fees, library fines, parking violation assessments and other penalty fees and service charges are paid in full. If a student registers without proper financial clearance from the Office of the Bursar, his/her registration will be cancelled without further notice. If a student becomes financially ineligible after preregistering, his/her preregistration will not be processed unless and until his/her account balance is paid in full.

Although the University regularly mails bills to students, it cannot assume responsibility for their receipt. Students are urged to obtain a copy of their financial account in Room 1103 of the South Administration Building if they are not certain their account is paid in full. This office is open from 8:30 a.m. to 4:15 p.m. Monday through Friday. Students may also obtain their account balance by phoning 454-4832.

CHARGES INCURRED DURING THE SEMESTER ARE PAYABLE IMMEDIATELY.

All checks or money orders should be made payable to the University of Maryland for the exact amount due. The student's social security number must be written on the check.

Students will be severed from University services for delinquent indebtedness to the University which occurs or is discovered during a semester. In the event that severance occurs, the individual may make payment during the semester in which services were severed and all these services except housing will be restored. For a student who lives in on-campus residence halls, and who fails to fully resolve any outstanding balance, the severance of housing services means that (1) the student must leave residence halls, (2) the student's room is assigned to another student, and (3) the severed student may reapply for housing services, if the account is later satisfactorily resolved and other University services are restored, and be placed last on a waiting list for available on-campus housing spaces. Students who are severed from University services and who fail to pay the indebtedness during the semester in which severance occurs will be ineligible to preregister or register for subsequent semesters until the debt is cleared. In the event of actual registration in a later semester by a severed student who had not settled the student account prior to that semester, such registration will be cancelled and no credit will be earned for the semester. **For a student who is on board and who fails t resolve any outstanding balance, the severance of Dining Services means that the student will not be served meals until their student account is paid in full. No reimbursement will be made on meals not served during severance.**

Severance Fee: $25.00. Students who fail to pay the balance due on their accounts will have their University services severed. In order to have the services restored, students will be required to pay the total amount due plus the $25.00 Severance Fee.

The State has established, under legislative mandate, a CENTRAL COLLECTIONS UNIT within the Department of Budget and Fiscal Planning. This campus has been instructed that all delinquent accounts must be transferred to the State Collections Unit.

ALL ACCOUNTS DUE FROM STUDENTS, FACULTY, STAFF, NON-STUDENTS, ETC. ARE INCLUDED WITHIN THESE GUIDELINES.

Collection Costs incurred in collecting delinquent accounts will be charged to the student. The University is required by State law to refer all past due accounts to the State Central Collections Unit. The minimum collection fee is 15% plus any attorney and/or court costs.

NOTE: BEGINNING THIS YEAR STATE CENTRAL COLLECTIONS UNIT IS AUTHORIZED BY STATE LAW TO USE AN INDIVIDUAL'S STATE INCOME TAX REFUND AS AN OFFSET TO PAY INDEBTEDNESS TO THE STATE OF MARYLAND.

No degree will be conferred, no grade issued, nor any diploma, certificate, or transcript of record issued to a student who has not made satisfactory settlement of his or her account.

Textbooks and Supplies: Textbooks and classroom supplies vary with the course pursued, but will average $125.00 per semester.

For checks over $100.00: $20.00

When a check is returned unpaid, the student must redeem the check and pay any outstanding balance in the account within 10 days or all University services may be severed and the account transferred to the State Central Collection Unit for legal follow-up. Additionally, a minimum 15% collection charge is added to the charges posted to the student's account at the time the transfer is made.

When a check is returned unpaid due to an error made by the student's bank, the student must obtain a letter from the branch manager of the bank or a person of equivalent status admitting such an error. This letter must be submitted to the Office of the Bursar to have the service charge waived.

Billing Information

Bills for payment of fees are mailed in July 1983 to students who received preregistered courses for Fall 1983. Since the University has no deferred payment plan, PAYMENT IN FULL MUST BE RECEIVED BY THE UNIVERSITY NO LATER THAN AUGUST 15, 1983. Accounts not paid by August 15, 1983 are delinquent and subject to referral to the State Central Collections Unit at Baltimore and/or cancellation of preregistration.

For student convenience, payment by mail is encouraged; however, payment also may be made at the Office of the Cashier, South Administration Building. Students may pay in person at the Office of the Cashier, 8:30 a.m. to 4:15 p.m. Monday through Friday. Students paying by personal check may drop the payment in the Bursar's Mail Remittances hallway drop slot beside Room 1108, South Administration Building, at any time that the building is open. If a student uses the drop slot, the processed check will serve as a receipt. Be sure the Social Security number is clearly written on the check.

Periodically during the semester bills will be mailed to students reflecting charges incurred for parking tickets, library fines, course adjustments, etc. These bills are due ON RECEIPT. THE UNIVERSITY CANNOT ASSUME RESPONSIBILITY FOR THEIR DELIVERY.

Students who register during the Armory or late registration periods wil be required to complete full payment at the time of registration.

Students who have questions on their bills may obtain print-outs of their financial accounts by coming to Room 1103 of the South Administration Building between 8:30 a.m. and 4:15 p.m. Monday through Friday.

Each student is individually responsible for all of his or her fees and expenses. If a third party, such as an employer, agrees to pay these charges, the student is not relieved of his or her primary responsibility. In the event that such third party fails to honor its agreement, the University reserves the right to bill the students directly. Failure to pay this bill thereafter will result in the suspension of services to the student by the University and transference of the account to the State Central Collections Unit. WHEN A PAYMENT IS MADE TO THE UNIVERSITY, PAYMENT OF ANY OUTSTANDING BALANCE PRECEDES PAYMENT OF CURRENT INDEBTEDNESS. That is, the oldest account balance is liquidated first.

FAILURE TO PAY OUTSTANDING DEBTS WILL RESULT IN SEVERANCE OF UNIVERSITY SERVICES, ADDING THE $25.00 SEVERANCE FEE, AND TRANSFER OF THE ACCOUNT TO THE STATE CENTRAL COLLECTIONS UNIT WITH A MINIMUM OF 15% COLLECTIONS CHARGES ADDED AT THIS TIME.

CHANGES IN MARYLAND LAW ALLOW THE CENTRAL COLLECTION UNIT TO BLOCK ISSUANCE OF MARYLAND STATE INCOME TAX REFUNDS FOR INDIVIDUALS WITH DELINQUENT ACCOUNTS.

Financial Aid Information

Students on scholarships and grants are expected to maintain a semester credit load of 12 hours. Courses taken as "Audit" cannot be counted toward credit level. If the registration of a student with a scholarship or grant falls below the required credit hours, the scholarship or grant is automatically cancelled. Cancellation of a scholarship or grant without subsequent payment of amounts due will lead to an indebtedness to the University. Such indebtedness can in turn lead to severance of services by the University. Any student receiving financial aid who is contemplating dropping credits should see his/her financial aid counselor *before* taking such action.

Students sponsored by an agency or their employer remain responsible for their fees. When payment is not received by the University from the sponsor, the student will be charged.

Preregistered students' bills will be mailed. Students not preregistered will complete an estimated bill form at registration time. The following information may be helpful:

1. Scholarships, grants, & workships will be credited to student accounts. A check for any balance remaining after charges are paid will be available for those students receiving financial aid. NDSL's will be ordered in checks. Students who did not preregister may pick up their financial aid checks in the Armory after securing add slips for at least 12 credits on August 29 or 30, 1983. Preregistered students may receive their checks in the Armory on August 31-Sept. 1, 1983. Before a check can be distributed, students must present proof of the required credit hours, their plastic transaction card or driver's license, and the preregistration bill sent to their permanent address. If an awarded financial aid has not been credited on the preregistered bill, deduct the approved FA amount for the semester, and pay the balance due.
2. Students who receive scholarships, grants, or workships after classes have begun and who have paid their Student Account for the award period must request a refund in writing from the Office of the Bursar. The refund will take approximately five to six weeks to process after the credit balance appears on the account and the refund request is received.
3. Other scholarships and grants paid to the University by an outside agency will be credited to the student's bill. (Exception — National Merit Scholarship checks will be available in the Office of the Bursar.)
4. Guaranteed Loan checks are distributed to students by the lending agency, except in those cases where the lending institution chooses to send the check to the University directly. In that event checks are to be picked up at the Office of the Bursar, Room 1103, South Administration Building. Before a check can be distributed, the student must present proof of registration for the required credit hours. Student identification such as the plastic transaction card or driver's license, and the preregistration bill if applicable, must be provided.
5. Dining Hall cash jobs will be paid bi-weekly to student as work is performed.
6. Dining Hall Workships (and other University Workships) will be credited to bill as designated in award letter.
7. College Work Study and other University student employment will be paid to the student bi-weekly as work is performed.
8. STUDENTS WHO RECEIVE A NATIONAL DIRECT STUDENT LOAN MUST SUBMIT PROPERLY EXECUTED PROMISSORY NOTES AND ASSOCIATED FORMS. A check cannot be disbursed if the student has not turned in these forms.
   A student who has not received final approval of a financial aid award and accepted the award should not expect a credit on his/her bill nor a check at the time of registration. No deferment will be granted and the student should be prepared to pay his/her bill by the first day of classes unless financial aid has been awarded and accepted by the student.

Deferments for repaying NDSL loans require that students be registered at least half time: undergraduate students — 6 credits; graduate students — 24 academic units.

9. Students on financial aid who withdraw during a semester will receive a letter of warning advising them that a second such withdrawal may cancel their eligibility for aid in subsequent semesters. Students contemplating a second withdrawal, whether consecutive or non-consecutive, should consult a Financial Aid Counselor prior to the withdrawal.
10. The University will only make adjustments to financial aid awards (due to an increase in the credit hours taken to maintain the required 12 credit hours) until the beginning of the next spring semester for students attending the fall semester and June 30 for students attending the spring semester.

Guaranteed Student Loan (GSL) Information

The normal processing time for a GSL application is 6 to 8 weeks. In order for your GSL check to be available by the Fall 1983 semester payment due date, you should have completed your loan application with your bank 6 to 8 weeks prior to August 15, 1983. Pending GSL applications and promissory notes may not be substituted in lieu of payment. The University does not have a deferred payment program and payments for preregistered students for the Fall 1983 semester charges are due on or before August 15, 1983.

Withdrawal from the University

Cancellation of Housing/Dining Contracts is a separate process, see next column.

August 31 or later

1. All students should report to Room 1101, North Administration Building to complete a withdrawal form.
2. Withdrawal becomes effective on the date the form is filed with the Records Office. Stopping payment on a check does not constitute an official withdrawal.
3. Tuition credit will be initiated upon receipt of the Withdrawal Form. The percentage of credit is determined by the date the form is filed in the Records Office.
4. Refer to the chart below for refund information. Registration, Health, Athletic, Shuttlebus and Student Union and Recreation Fees are not refundable. A base figure of $580.00 for resident students and $1777.50 for non-resident students is used in computing the amount of the credit adjustment after January 21. Credit adjustments for housing services not utilized are based upon the date of completion of residence halls checkout procedures and not upon the date of withdrawal from classes.
5. Be certain to return all books to the library and clear all financial accounts at the Office of the Bursar, South Administration Building. Refunds for credit adjustments will be authorized after all student financial aid adjustments have been processed and any balance remaining on the account has been deducted.

Withdrawal and Refund of Fees

Charges for Room and Board are not refundable unelss the student officially withdraws or is dismissed from the University and effectively completes **Residence Halls and/or Dining Services release procedures.** When the student completes the residence hall release procedures, charge adjustment will be computed based upon the requested release date and/or the date procedures for checking out of a room assignment are completed. Credits for housing services are made on a pro rata weekly basis.

In computing refunds to students who have scholarships and loans from University funds, the computation will be made in such a way as to return the maximum amount to the scholarship and loan accounts without loss to the University.

A part-time or full-time undergraduate who drops MATH 001 will receive an 80% refund of the $85.00 fee if the course is dropped during the first five (5) days of classes and 0% thereafter. MATH 001 will still be counted in the determination of hours for full-time or part-time status, notwithstanding the refund policy.

A part-time or full-time undergraduate student who drops COOP 208, 209, or ENCO 408, 409 will receive an 80% refund of the fee if the course is dropped during the first five (5) days of classes and 0% thereafter.

Refunds

To obtain a refund of a credit balance, a STUDENT must request the refund in writing. This can be done by: (1; addressing a letter to: Office of the Bursar, University of Maryland, College Park, Md. 20742, or (2) completing a request for refund form available at the Student Counter, 1103 South Administration Building and Withdrawal Office, Registrations Office and Student Aid Office, North Administration Building. Academic Information

The changes in academic information described on the following pages became effective August 1973 and are applicable only to course work for August 1973 and after.

Retention and Graduation

The University has minimum requirements for retention and graduation. A complete statement of these requirements is located in the *Undergraduate Catalog*.

New Course Repeat Policy

A student may repeat any course; however, no student may be registered for a course more than three times. If a student repeats a course in which he or she has already earned a mark of A, B, C, D, P or S, the subsequent attempt shall not increase the total hours earned toward the degree. Only the highest mark will be used in computation of the student's cumulative average. However, the student's quality points in a given semester shall be determined by that semester's grades. Under unusual circumstances, the student's Dean or Provost may grant an exception to this policy.

Table I

The College Park Retention Plan is based on (1) QUALITY POINTS *and* (2) CUMULATIVE AVERAGE. Here's how to compute both.

(1) QUALITY POINTS (Q.P.'s): For each semester, Q.P.'s are awarded for grades of A, B, C, D, P, and S.

A Q.P. is the *numerical equivalency* of a *letter grade.* Course Q.P.'s are obtained by multiplying these numerical equivalencies by the number of credits the course has. To figure how many Q.P.'s you have earned, or expect to earn, for each of your courses, use the following table:

Q.P.'s given for expected or actual grade		Number of Credits in The Course		Total Quality Points for the Course
	A = 4			
	B = 3			
	C = 2	×		
	P = 2*			
	S = 2*			
	D = 1			
	F = 0			

EXAMPLE: Semester Schedule of 15 Credits —

Course	*Grades*	*Credits Earned*	*Q.P.'s*
ENGL 101	C	3	6
MATH 110	B	3	9
ZOOL 101	A	4	16
EDIN 101	P*	2*	4*
PSYC 100	D	3	3

*These count only in figuring your Q.P.'s for the semester. They are not counted in your cumulative average.

(2) CUMULATIVE AVERAGE: Your cumulative average is based on TOTAL CREDITS which you've been assigned a Grade of A, B, C, D, or F — and the TOTAL NUMBER OF QUALITY POINTS you've earned for these courses. (See Note below for Repeated Courses.) Courses for which a Grade of "P" or "S" has been assigned are NOT included. To figure your cumulative average do the following:

NUMBER OF Q.P.'s EARNED ÷ NUMBER OF CREDITS ATTEMPTED = CUMULATIVE AVERAGE

EXAMPLE: Semester Schedule of 15 Credits (See Example Above)

Course	*Grades*	*Credits Attempted*	*Q.P.'s*	*Cumulative Average*
ENGL 101	C	3	6	
MATH 110	B	3	9	
ZOOL 101	A	4	16	Q.P.'s Earned — 118
EDIN 101	P	(2)	(4)	÷
PSYC 100	D	3	3	Credits Attempted — 40
	Current Semester Totals	13	34	=
	Previous Semester Totals	27	84	2.95
	Total Credits	40	118	

Note: If you repeat a course that you took in the Fall Semester, 1973, or any semester since then, count only credits and quality points for the higher grade received for that course when figuring total credits attempted and total quality points.

Table II

MINIMUM QUALITY POINT REQUIREMENT:

If, at the end of Schedule Adjustment Period (First 10 days of classes) you are officially registered for:

12 or more credits	11-9 credits	8-1 credits
You must earn for this semester a minimum of:		
24 Quality Points	22 Q.P.'s for 11 credits	
24 Quality Points (On grades of A, B, C, D, P, and S. Marks of F, W, and I do not confer Quality Points)	22 Q.P.'s for 11 credits 20 Q.P.'s for 10 credits	For part-time students there is no minimum quality point requirement.
Note: See Table III, below for exceptions	18 Q.P.'s for 9 credits	Note: If you have completed 45 credits, you must fulfill the cumulative average requirement, below.

CUMULATIVE AVERAGE REQUIREMENT:

If at the end of last semester, your total number of credits completed was 45* or more, then at the end of this semester you must have:

The Minimum Quality Point Requirement (Full-time Students — 9 or more credits)	*and*	A Cumulative Grade Point Average of 1.95 (Full-time *and* Part-time Students)

*On your grade report for last semester, add "hrs. attempt." and "transfer credit level" and pass-fail courses to see if you have 45 or more.

Credits completed with grades of A, B, C, D, and F, but not S, W, P or I will be used in the computation of the cumulative average.

If these requirements are not met, Academic Probation will result. Two consecutive or four non-consecutive semesters of Academic Probation will result in Academic Dismissal.

Table III

Are you registering at the College Park Campus for the *First Time?* If so, then here's what you need to earn in your first semester for the Retention Plan:

A. FULL-TIME FRESHMAN[2] with no more than 8 credits earned through prior college/university	B. FULL-TIME TRANSFER[3] STUDENT with 44 or fewer credits accepted for transfer —	C. FULL-TIME TRANSFER STUDENT with 45 or more credits accepted for transfer —
18 Q.P.'s	18 Q.P.'s	1.95 Cumulative Average

Note: To meet this requirement, students registering for 12 or more credits would have to earn at least 24 Q.P.'s. Students registering for 9 credits would have to earn 18 Q.P.'s; 10 credits — 20 Q.P.'s; 11 credits — 22 Q.P.'s.

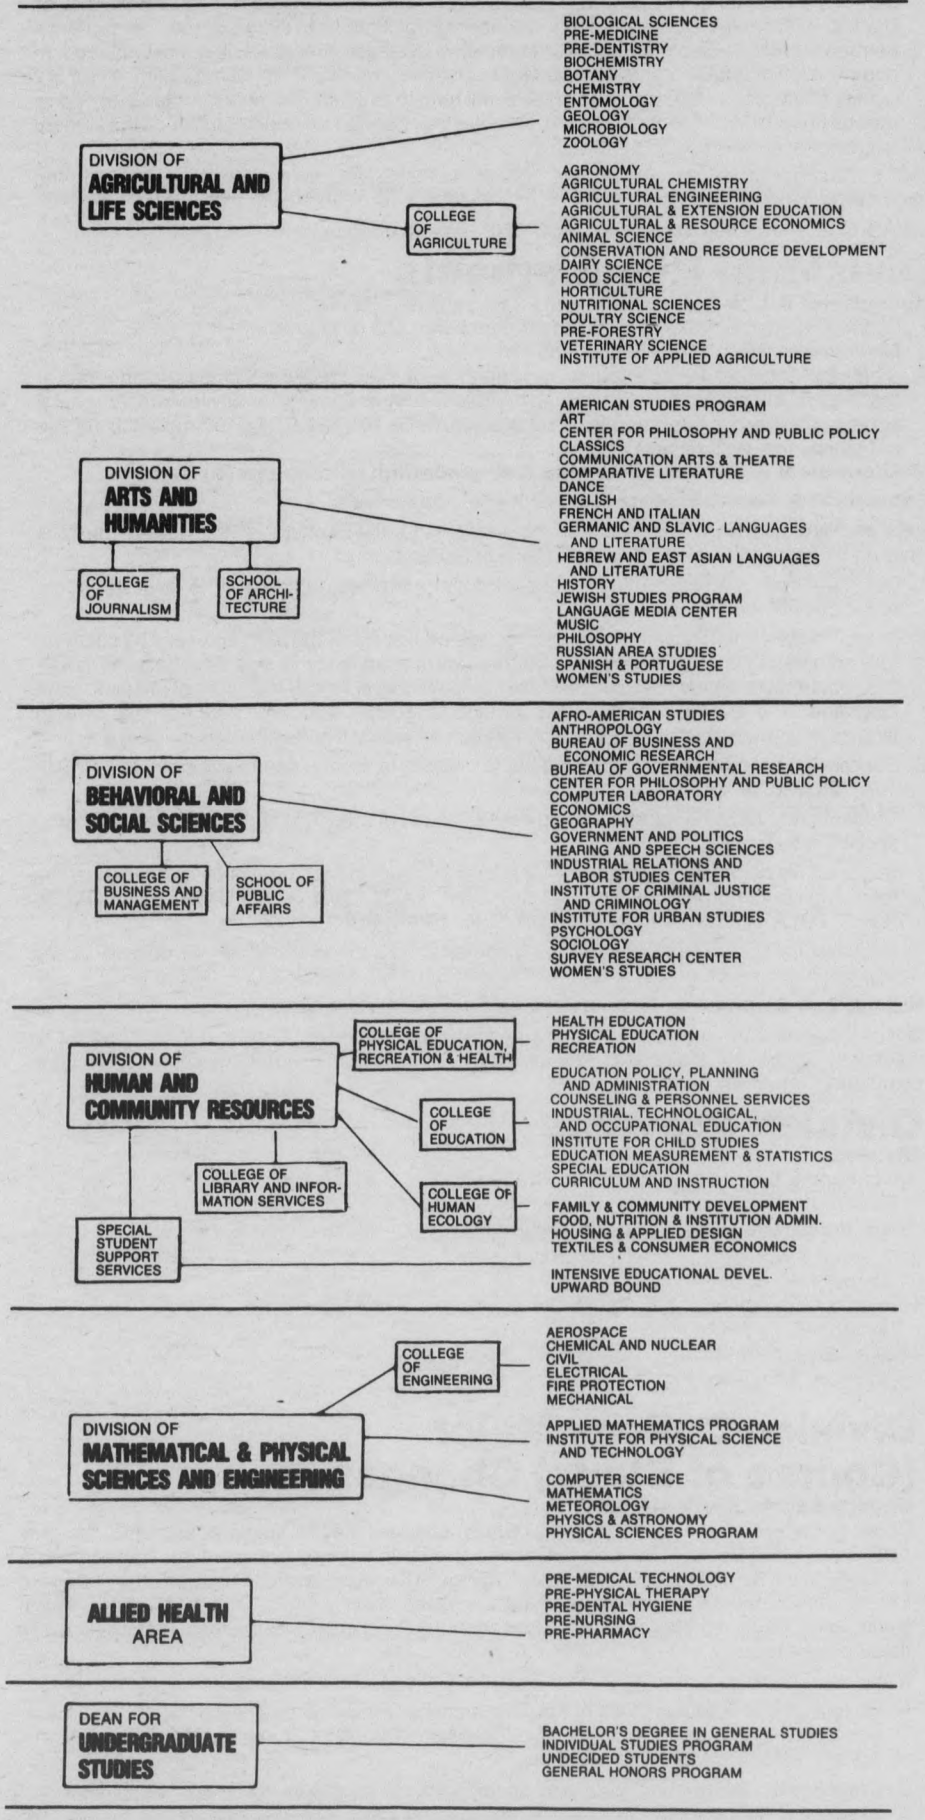
[2](i.e., students registered for 9 or more semester hours)

[3]"Full-Time Transfer Student" includes students transferring from other University of Maryland campuses. Grade Point Averages, Semester Hours Attempted, Semester Hours Earned, and Quality Points from the other campus(es) are included in all College Park calculations.

Marking System

1. The following symbols are used on the student's permanent record for all courses in which he is enrolled after the initial registration and schedule adjustment period: A, B, C, D, F, I, P, S, and W (Instructors are not permitted to change a grade of "W".) These marks remain as part of the student's permanent record and may only be changed by the original instructor on certification, approved by the department chairman and Divisional Office, that an actual mistake was made in determining or recording the grade.
2. Students are advised to refer to the 1982-83 Undergraduate Catalog for a complete statement of the Marking System. The *Procedures for Review of Alleged Arbitrary* and *Capricious Grading* adopted by the Board of Regents on March 12, 1982, effective with the Fall, 1982 semester also appears in the catalog.

Division Organizational Chart



Credit by Examination (Undergraduate Students)

Credit may be earned by examination for any undergraduate course, for which a suitable examination has been adopted or can be prepared by the department granting the credit.

Additional information regarding availability of examinations, applications, fees and other regulations is available from the Undergraduate Advising Center, Room 3151 Hornbake Library.

Commencement Honors

Honors for excellence in scholarship are determined by the highest 2% Summa Cum Laude, the next 3% Magna Cum Laude, and the following 5% Cum Laude of the GPA's of the preceding three graduating classes of each degree granting unit. To be eligible for this recognition, a total of at least 60 semester credits earned at the University of Maryland is required. Of these 60 credits, at least 30 credits must have been earned at the College Park campus. The computation of the cumulative grade point average does not include grades for courses taken during the last semester of registration before graduation, although the hours earned for that semester will apply toward the 60-hour requirement. No student with an average less than 3.000 will be considered.

Undergraduate Pass-Fail Option

1. An **undergraduate** who has completed 15 or more credit hours at the College Park Campus and has a cumulative average of at least 2.00 may register for courses on the PASS-FAIL option during any semester or summer session.
2. Certain divisional requirements, major requirements or field of concentration requirements do not allow the use of the PASS-FAIL option. Certain courses within a department may be designated by that department as not available under the PASS-FAIL option. It is the responsibility of each student electing this option to ascertain in conjunction with his Provost, Dean, department or major advisor, whether the particular courses will be applicable to his degree requirements under the PASS-FAIL option.
3. No more than 20 percent of the College Park campus credits offered toward the degree may be taken on the PASS-FAIL option basis.
4. Students registering for a course under the PASS-FAIL option are required to complete all regular course requirements. Their work will be evaluated by the instructor by the normal procedure for letter grades. The instructor will submit the normal grade. The grades A, B, C, or D will automatically be converted by the Office of Registrations to the grade P on the student's permanent record. In computation of cumulative averages a mark P will not be included. In computation of quality points achieved for a semester a mark of P will be assigned a value of 2 quality points per credit hour. The grade F will remain as given. The choice of grading option may be changed only during the schedule adjustment period for courses in which the student is currently registered.

NOTE: Changes of grading option (e.g., Regular to PASS-FAIL) may be processed only during the first ten days of classes.

GRADUATE — Not eligible for the PASS-FAIL grading option.

Divisional Requirements

Agricultural & Life Sciences: minimal requirements include:

1. *Chemistry:* any one course in chemistry numbered 102 or higher.
2. *Mathematics:* Math 110 or equivalent.
3. *Biological Science:* any one course carrying three or more credits selected from offerings of the Departments of Botany, Entomology, Microbiology or Zoology, or any interdepartmental course approved for this purpose by the Division. Division/College/Major (Course of Study) Changes

Undergraduate Students Only:

Division, College, and Major (Course of Study) changes may be made at any time, the only restrictions being Board of Regents limitations on enrollment. However, students contemplating a change to the School of Architecture, the College of Business and Management, the College of Engineering, or the Recreation Department, should contact the Office of Undergraduate Admissions, 454-4009, for additional information regarding the special requirements for entrance into these programs.

If you wish to make a change in your Division, College, and/or Major (Course of Study):

1. Go to a Division/College office or the Registrations Office, first floor lobby, North Administration Building, to obtain the Division/College/Major (Course of Study) Change Form. Division/College office locations are listed below.
2. Complete the information requested on the form. (All necessary information is on the form.)
3. Take the completed form to your new Division if you are changing Divisions or to your new College if you are changing Colleges. If you are changing Major (Course of Study) only, take completed form to your present Division or College.

Graduate Students Only:

If you wish to change programs or degree objectives, you must submit a new application with fee to the Graduate School. Current deadlines for new applications apply.

Foreign Language Placement

Arts and Humanities Requirements: If a student has had four years of one foreign language or two years in each of two foreign languages as recorded on his/her high school transcript, he or she is not required to take any foreign language in the division, although he or she may elect to do so. However, the College of Journalism requires completion either by course work or placement, of any intermediate language level (104, 115). The School of Architecture has no foreign language requirement.

Classics Department: Students who have had Latin in high school are encouraged to work at the highest level of which they feel capable. The departmental advisor, Professor Gregory Staley (Foreign Languages Building, Room 4210) will help students identify the appropriate courses in which to enroll. Normally students with less than one year of high school Latin take LATN 101. Those who enter with a full year of high school Latin register for LATN 102; with two full years, LATN 203. College credit is given to students who have earned a 3, 4, or 5 on the Advanced Placement Test in Latin.

French Department: A departmental placement exam will be given to *all* students registering *for the first time* on this campus for French language courses in the basic and intermediate sequence (100 level and 201 and 211). The examination will be administered in the language laboratory of the Language Media Center during the week prior to preregistration, during preregistration and during registration week from 8 a.m. to 3 p.m. The exam may be taken during those hours at the student's convenience. Students should take this examination before registering so that they may be placed at the proper course level. Results will be available in the Department of French and Italian, room 3106D. CEEB French Achievement test scores will be accepted on an equivalent basis with the placement exam. Meanwhile, those wishing to register *prior* to taking the exam may find the following guidelines helpful: French 101 for those with less than two years of French; French 103 or 104 for those with two years or more. *Do not register for 102 unless you have had French 101 on this campus.* As French 101, 103 and 121 (Accelerated French I) treat similar material, credit will normally be granted for *only one.* "Audit," however, is permitted. Likewise, credit will normally be granted for French 104 *oruary 13 at 3:00 p.m. in the Testing Room, Shoemaker Building. Bring a picture I.D. in order to be admitted. All other times call R. Williams (x2931) for appointment.*

General University Requirements (G.U.R.)

Students who began baccalaureate study prior to May, 1980 may elect to complete these requirements rather than the University Studies Program requirements. (See page 19.)

Effective August 1973, new GENERAL UNIVERSITY REQUIREMENTS replaced the General Education Requirements. Students enrolled in the University prior to August 1973 have the option of completing either the old General Education Requirements or the new General University Requirements. *All students first entering the University in August 1973 or after must complete the new General University Requirements.*

GENERAL UNIVERSITY REQUIREMENTS consist of 30 semester hours of credit distributed as described below:

1. At least 6 credits must be taken in each area. At least 9 of the 30 semester hours must be taken at the 300 level or above. None of the 30 hours may be counted toward published departmental, college or divisional requirements for a degree. Students may select either the pass-fail or letter grading option for these courses as outlined in this Schedule (See Pass-Fail Option).
   Area A: 6-12 hours elected in the Divisions of Agricultural and Life Sciences; Mathematical & Physical Sciences & Engineering.
   Area B: 6-12 hours in the Divisions of Behavioral and Social Sciences; Human and Community Resources.
   Area C: 6-12 hours in the Division of Arts and Humanities.
   In meeting these area requirements, students may choose from among any undergraduate courses for which they are qualified. Students are urged to consult with academic advisors for guidance in determining which courses in each area best fit individual needs and interests.
2. New freshman students who entered the University during Summer Session, 1978, or who were admitted for Fall semester, 1978, must complete six credits of English composition. The specific required courses are ENGL 101 *and* ENGL 391 or 393. Exemptions based on SAT-VERBAL scores and ADVANCED PLACEMENT scores are allowed. Questions about exemptions for individual students should be referred to the English Department, extension 4160.

Only three credits of the required six credits in English Composition may be applied toward fulfilling General University Requirements. When used, these three credits may be *in addition to* the twelve-credit maximum in Area "C." None of the composition credits, however, may be used to satisfy the minimum six-credit requirement for Areas "A," "B," "C," *or* the nine-credit upper division requirement.

The English Department strongly advises entering freshmen to fulfill the first composition requirement during their first year of coursework. Since junior standing is a prerequisite for ENGL 391 and 393, students should register for the second semester of composition only after having earned fifty-six semester hours of credit.

To further define "area" this chart has been prepared by the Advisor's Workshop. On the chart is listed the prefix of all courses offered on the College Park campus. The prefixes are listed according to which area (A, B, or C) of the General University Requirements they will meet.

NOTE: Students who began baccalaureate study after May, 1978 must complete the English composition requirement specified in the Fundamental Studies section of the University Studies Program (see page 19). Only three hours of this six hour requirement may be used to satisfy General University Requirements.

The University Studies Program

Virtually all American colleges and universities ask that students receiving a baccalaureate degree complete a common set of requirements. These common requirements are usually referred to by the generic term "general education." General education requirements represent a faculty's definition of the knowledge, awarenesses and skills that all graduates should possess before that faculty will give its consent to the awarding of a degree. General education is that portion of the degree requirements in which the entire faculty has a concern.

The University Studies Program is the general education requirement at the University of Maryland, College Park. This program must be completed by all students beginning baccalaureate study after May, 1980. It is intended to provide students with the intellectual skills and conceptual background basic to an understanding of the universe, society and themselves. The focus is not on any particular bodies of knowledge, for almost any subject matter can lead to an awareness of general modes of understanding the world. Thus, for example, it does not matter whether the student studies physics or botany as long as he or she comes away from the course with some understanding of the power of the empirical investigation that characterizes science.

The University Studies Program has three parts. The "Fundamental Studies" section of the program is intended to establish the student's ability to participate in the discourse of the university through demonstrated mastery of written English and mathematics. Those requirements are to be completed early in the student's program in order to serve as a foundation for subsequent work.

The "Distributive Studies" requirement is intended, through study in particular disciplines, to acquaint students with the different ways of analyzing and talking about the world that characterize the three areas into which the university's knowledge is traditionally divided: the physical and biological sciences, the social and behavioral sciences, and the arts and humanities. The fourth category, "History and Culture," includes courses that lead to the consideration of historical and cultural differences and the relationship of our own society to those of other times and places.

In fulfilling "Distributive Studies" requirements, students will have gained some experience of the way in which scholars in different kinds of disciplines make and organize observations about the world and arrive at general statements. It is the purpose of "Advanced Studies" courses to show how these different intellectual approaches compare with each other or may be used in complementary ways to analyze and solve problems. "Development of Knowledge" courses deal with the basis upon which people who use these different approaches claim to know something and the different kinds of insights to which these intellectual strategies lead. "Analysis of Human Problems" courses consider these matters in terms of specific cultural, social, scientific or aesthetic problems which may be approached from several points of view.

The University Studies requirements, designed to be spread throughout the student's four years, represent a third of the total academic work required for graduation. It is the purpose of this program, in combination with the extensive work of the major, to help prepare students to become productive, aware and sensitive members of society, capable of understanding their world and the many kinds of people in it and of taking responsibility for their own decisions and their own lives.

Outline of the Program

These requirements are effective for students entering in May, 1980 and thereafter, with 8 or less credits from this or any other institution. Students with 9 or more credits from this or any institution prior to May, 1980, may elect this program or the old General University Requirements.

I. FUNDAMENTAL STUDIES — 9 credits (Except for ENGL 391 or 393, must be completed by the time student has completed 30 credit hours).
   A. English Composition — 6 credits
      1. ENGL 101 — 3 credits
         a. Students with the SAT verbal below 330 take ENGL 101A.
         b. Students with AP score of 4 or 5, or SAT verbal of 600 or above are exempt.
         c. Students who achieve a score of 51 or above on the CLEP Subject Examination College Composition (with essay questions) are exempt.
      2. ENGL 391 (Junior Level Expository Writing) or 393 (Technical Writing) — 3 credits
         a. Must be taken *after* student has completed 56 credit hours (i.e., has reached junior standing).
         b. Students with SAT verbal 700 or above or A in ENGL 101 or AP of 4 or 5 are exempt.
   B. Mathematics — 3 credits
      MATH 110 (or the modular equivalent MATH 102-3-4) or MATH 115.
      1. Students with the following minimum examination scores or higher are exempt:
         a. SAT 600

         c. Advanced Placement Examinations, Calculus AB or BC: 3
         d. Any CLEP *Subject* Examination in Mathematics: 60
      2. Successful completion of any of the following higher level entry courses than MATH 110: MATH 111, 140, 141, 150, 151, 220, 221, 240, 241, 246, 250, 251; STAT 100, 250.

   D. Social and Behavioral Sciences (min.: 6 credits, 2 courses)

III. ADVANCED STUDIES — 6 credits
   This requirement may be fulfilled only *after* the student has completed 56 credit hours. It is intended that, in fulfilling this requirement, students choose courses that offer a contrast to the major rather than supplementing it. Courses to fulfill these requirements must be from *two different* units outside the department of the student's major.
   A. The Development of Knowledge (1 course, 3 credits)
      Courses which focus on the creation, discovery, exploration, testing and evaluation of knowledge in one or more disciplines.
   B. The Analysis of Human Problems (1 course, 3 credits)
      Courses which focus on the application of knowledge from one or more disciplines to the study of important human problems.

A course taken to satisfy divisional, college, major, and/or supporting area requirements may also be used to satisfy University Studies Program (USP) requirements if it appears on the following list of approved courses for USP.

DEVELOPMENT OF KNOWLEDGE

ANTH 389C — CULTURE AND PERSONALITY. Anthropologists have long been interested in the relationship between the individual and society, as well as in cross-cultural differences in personality types. To what degree is our behavior learned, and in what ways might it be biologically inherited? Do nations have unique character traits? What are the stages of socialization by which individuals learn to be adult members of their community? Emphasis will be on biography, including anthropological life history and other material. Focus will be on determining the ways in which information pertaining to the events of individual lives contribute to our understanding of the human condition. Grading based on take-home essay exams and final paper. prerequisite: ANTH 102 or 221 or related course in the social sciences or permission of instructor.

ANTH 451 — ARCHAEOLOGY OF THE NEW WORLD. This course offers a survey of archaeological research in North and South America. Material will include prehistoric settlement of the Americas by Indian people as well as historical events related to the colonization and development of the two continents. Included will be a special section devoted to the archaeology of Maryland. Emphasis will be on the way theories of the past have influenced our thinking about our heritage and our concept of the present. Texts include *In Small Things Forgotten: The Archeology of Early American Life* and *A History of American Archeology*. Prerequisite: ANTH 101 or 241 or equivalent course in a related field and permission of instructor.

ASTR 300 — STARS AND STELLAR SYSTEMS. Studies the properties of stars both individually and in aggregate. Some questions addressed are: How can we determine the properties of stars, including the conditions in the deep interior? How does a star change with time and how can this be checked when the evolution occurs on a scale of hundreds of millions of years? What finally happens to stars — white dwarfs, supernovae, neutron stars and black holes? How do we deal with physics in extreme conditions? Prerequisite: ASTR 100 and completion of Natural Sciences and Mathematics requirement.

ASTR 330 — SOLAR SYSTEM ASTRONOMY. Studies the components of the solar system and the properties and evolution of the system as a whole. Some questions addressed are: How can one set up a comparative scheme for studying the planets? Why are the makeup and state of the planets so different? How can various pieces of information be fitted together to determine how the solar system formed and how it evolved? Prerequisite: ASTR 100 and the completion of the Natural Sciences and Mathematics requirement.

ASTR 340 — GALAXIES AND THE UNIVERSE. Studies the large scale structure of the Universe and its major components, the origin and evolution of the Universe. Some questions which are addressed are: How can we determine properties of extremely distant objects? Why do we believe the Universe is evolving and how can we find out about conditions at the earliest epochs? How do we interpret data from outside the visible light range and how do we use this to study such objects as giant radio galaxies, exploding galactic nuclei and quasars? Prerequisite: ASTR 100 and completion of Natural Sciences and Mathematics requirement.

ASTR 380 — LIFE IN THE UNIVERSE. Studies the astronomical perspective of the probability of life existing elsewhere in the Universe. Some questions to be addressed are: How can we assess the astronomical scene to determine whether other solar systems exist and what conditions are likely to prevail there? What are the conditions necessary for life to arise? How can one test for the presence of life elsewhere? If there is life elsewhere, how can we communicate with them? Prerequisite: ASTR 100 and completion of Natural Sciences and Mathematics requirement.

ECON 402 — BUSINESS CYCLES. Examination of the growth patterns of the American economy and how computer models can be used to represent the structure of the economy and to analyze how fiscal and monetary policies affect economic performance. Modeling techniques will be illustrated by allowing the student to use and modify an existing computer model in class. A computer background is not required. Prerequisite: ECON 430.

EDCI 488N — LEARNING STYLES AND LEARNING ENVIRONMENTS. An opportunity to examine your own style of learning through self-report instruments and how you function in different learning environments through direct experiences and reflection. Prerequisite: completion of Social and Behavioral Sciences requirement.

EDMS 451 — INTRODUCTION TO EDUCATIONAL STATISTICS. Introduction to Statistics is designed for the student interested in the application and interpretation of statistics to a variety of problems in the social sciences (e.g., education, nutrition, science, criminology). Students are taught specific statistical techniques (e.g., mean, variance, t-tests) as well as critical appraisal of the strengths and limitations of those techniques. Prerequisite: completion of the Social and Behavioral Sciences requirement.

ENGL 379A — SPECIAL TOPICS IN LITERATURE: STUDIES IN MYTHMAKING. English 379A examines mythic thinking and figuration as a way of organizing and dealing with the world and as a mode of creative perception far removed from our present mode of logical, rational analysis of data. Uses key selections from the Bible as familiar concepts and archetypal figures of northern European mythologies and compares them to the secondary, imaginative mythology of Tolkien's *Silmarillion*. Prerequisite: Two lower level English courses.

ENGL 379J — SPECIAL TOPICS IN LITERATURE: READING THE BIBLE: PROBLEMS OF INTERPRETATION. English 379J investigates the ways that the Bible has been read from the perspectives of a variety of disciplines through history. The course begins with the traditional religious way of reading the Bible and how the Patristic reading contrasts with Rabbinic understanding. The Higher Biblical Criticism is then examined as a reflection of 19th century historicism and science. The course concludes with modern readings of the Bible, including psychoanalytic, structuralist, anthropological, and literary interpretations. Prerequisite: Two lower level English courses.

ENGL 453 — LITERARY CRITICISM. Studies the problems of linguistic meaning and knowledge especially as they involve literature. Around the question of "what is literature?" the course explores the nature of a text, the validity of interpretation, and, in general, the relationship between reality, language and the literary work of art. Signification, truth, and the act of reading are considered in the process of examining the nature and value of literature. Prerequisite: Two lower level English courses.

GERM 348 — THE HOLOCAUST IN FILM AND LITERATURE. Among the most compelling of modern literature is that body of writings dedicated to recording, interpreting, and evaluating the attempted Nazi genocide of the Jews. Different in effect but also of considerable signficance are the documentary and commercial films that attempt to present the Holocaust experience. The course encourages students to reflect on the profound questions raised by the depiction of unprecedented extremes of human behavior. Prerequisite: none.

GNED 301 — THE ARTS AND THE SCIENCES. The core of this course is comparison of the way in which scientists and creative artists think about and represent the world as they observe it. All readings and artistic works considered are readily understandable to a general audience and include items ranging from Charles Dickins' *Hard Times* to James Watson's *The Double Helix*, from Shakespeare's *A Midsummer Nigth's Dream* to Freeman Dyson's *Disturbing the Universe*. Prerequisite: completion of all Distributive Studies requirements.

Through readings of the original texts and class discussion, the student will confront some major problems that have preocupied political philosophers such as Machivaelli, Hobbes, Locke, Rousseau and Marx. Special attention will be given a discussion of "What is human nature?" and "What is the relationship of the individual to the state?" Prerequisite: GVPT 170.

HIST 311S — APPROACHES TO THE PAST: SCIENCE AND HISTORY. This course compares the scientific and humanistic approaches to knowledge, first by examining claims that they are radically different (the "two cultures" thesis) and then by showing how science has become more historical and history more scientific in the past two centuries. History and Geology are studied in detail as examples. Finally, the historian and the scientist are presented as participants in the phenomena they are supposed to observe. Prerequisite: One history course.

A critical examination of assumptions related to stress and tension via selected methods in the life sciences, the behavioral sciences, and the arts and humanities. The course attempts to render clear, (1) the kinds of questions most suitably addressed to each of the three areas of study, and (2) the approaches to knowledge that are typical of each. The major goal is to help the student attain a position of responsibility with respect to what he or she knows about stress. Prerequisite: HLTH 285 and completion of the Literature and Art component of the Distributive Studies requirement.

HONR 368A — BIOTECHNOLOGY AS A LEGAL, INDUSTRIAL AND SOCIAL PHENOMENON. The development, emergence and assimilation of a new technology is a cultural phenomenon. This course considers this phenomenon by applying selected social and legal concepts to the recently developed genetic engineering field. Emphasis will be placed upon the actual interests and interdependencies of scientists, regulators, lawyers, economists, politicians, judges, industrialists, and venture capitalists. The interactions, ethical concerns and conflicts of interests which affect these various parties will also be studied. Particular attention will be given to the ways that society evolves new institutions, such as laws or regulatory programs, to manage a new technology.

For example, we will be interested in knowing whether there is an area of private behavior that is beyond the proper authority of the law to limit or regulate; whether legislators pro-erly have the authority to forbid certain actions on grounds that the actor would otherwise be likely to do irrational and self-harming things; and whether there is a defensible rationale for assigning legal liability for damage negligently caused. Other issues in the philosophy of law are: the nature of a legal system, legal reasoning, and the various connections between law and morality. Readings from philosophers and jurists in *Philosophy of Law*, Feinberg and Gross (eds.). Prerequisite: one philosophy course.

PHIL 450 — SCIENTIFIC THOUGHT I. This course, together with Scientific Thought II, is a critical survey of the historical development of science and interpretations thereof, with discussions at each stage of how the cases examined throw light on the nature of scientific method and knowledge claims, and how these questions about science and its interpertation were related to broader philosophical issues of the thinker or period concerned. Scientific Thought I deals with Ancient and Medieval Science, covering the following major topics: pre-Socratic philosophy, Plato (with focus on the *Timaeus)*, Aristotle (with focues on the *Physics, On the Heavens*, and *On Generation and Corruption)*, Stoic physics and cosmology, and medieval developments and criticisms of Aristotle. Prerequisite: three courses in science or philosophy.

PHIL 453 — PHILOSOPHY OF SCIENCE II. This course will be largely an extended argument with four steps: (1) to expound in detail the philosophical view of science which was dominant until recently and to show how intelligent, sensible and significant that view was: (2) to demonstrate in detail that the view breaks down completely; (3) to show the tremendous significance of this breakdown and to examine attempts to reconstruct the philosophy of science; and (4) to draw some conclusions not so much about what the correct philosophical claim about the sciences are, but about how best to arrive at such claims. Topics: structure of scientific theories; nature of scientific explanation; nature of scientific method; progress and revolution in science; rationality of science. Texts: Brody (ed.), *Readings in the Philosophy of Science;* Kuhn, *Structure of Scientific Revolutions*;. Lakatos & Musgrave, *Criticism and the Growth of Knowledge*. Prerequisite: PHIL 250 or two courses in natural sciences. NOT OFFERED THIS SEMESTER.

PHIL 455 — PHILOSOPHY OF THE SOCIAL SCIENCES. Scientific investigation of human beings in their social and psychological lives gives rise to a number of philosophical puzzles. Do social and psychological phenomena require different methodologies and scientific standards than those employed in the natural sciences? How adequate are the various disciplinary and methodological approaches encountered in the social sciences? What are the relative merits of "grand theories" vs. "middle range" ones? How objective are various standard social science research techniques? These and other issues will be considered in the context of specific social science research studies as well as in the abstract. Prerequisite: one course in philosophy or two courses in the social sciences.

PHIL 456 — PHILOSOPHY OF BIOLOGY. Examines the nature of biological systems, the adequacy of biological theories, and the sort of reasoning which is used in discovering new biological theories. Is there anything unique about biology that marks it off from the physical sciences, or can it ultimately be reduced to physics and chemistry? Are living things more bundles of molecules? Is contemporary theory of evolution predictive, testable, and well-supported by the evidence? What is the relation of contemporary theory of evolution to Darwin's theory of natural selection? Prerequisite: PHIL 250 or one course in biological science.

Advisement Information

Advisement

UNDERGRADUATE — Advising is an essential part of an undergraduate's educational experiences at the University of Maryland. From orientation to graduation, it can provide the kind of concerned assistance that helps students better understand their purposes for "being in college."

For most students, advising is not required. This allows individual students to decide, on the basis of personal circumstances and needs, whether or not to see an advisor. There are some groups of students, though, who *must* obtain advising assistance. These include:

NEWLY ADMITTED FRESHMEN AND TRANSFER STUDENTS, STUDENTS ON ACADEMIC PROBATION, STUDENTS SEEKING REINSTATEMENT AFTER DISMISSAL OR WITHDRAWAL, and STUDENTS NEARING SENIOR STATUS.

Undergraduate students at the College Park Campus are encouraged to use the many advisement opportunities that are available to them. At all academic levels — divisional, college, and departmental — at least one person has been designated to coordinate advising. A list of these persons, providing name, room number, and telephone extension is published each semester in the *Schedule of Classes*. Students who are unable to locate an advisor or who have questions about campus advising programs should visit or call the Undergraduate Advising Center, Room 1117 Hornbake Library, 454-2733 or 454-3040.

GRADUATE — Graduate students preregistering or registering for courses must have the approval of their program advisors in order to make certain that the minimum Graduate School and program requirements are being satisfied, particularly in the case of degree seekers.

Credit Limits

UNDERGRADUATE — limited to **19 semester hours**
Any exceptions must be approved by the Dean or Provost. Forms for this purpose will be available in the Dean's or Provost's Office and should be turned in with Registration materials.

GRADUATE — limited to **15 semester hours**

GRADUATE STUDENTS WITH A TEACHING OR RESEARCH ASSISTANTSHIP — limited to **10 semester hours**

Full-Time Status

Effective August 1973, official status (either full-time or part-time) *for academic purposes* will be determined on the basis of a student's registration at the end of the Schedule Adjustment Period. The Schedule Adjustment Period is defined as the first ten days of classes.

UNDERGRADUATE — Full-time — Registered for 9 or more semester hours at the end of the Schedule Adjustment Period. Note, however, that students on scholarships and grants are expected to maintain a semester credit load of 12 hours. If the registration of a student with a scholarship or grant falls below the required credit hours, the scholarship or grant is automatically cancelled. Cancellation of a scholarship or grant without subsequent payment of amounts due will lead to an indebtedness to the University. Such indebtedness can in turn lead to severance of services by the University.

GRADUATE — Full-time — Registered for minimum of 48 graduate *units* at the end of the Schedule Adjustment Period.

GRADUATE STUDENTS WITH TEACHING OR RESEARCH ASSISTANTSHIP — Full-time — Registered for minimum of 24 graduate *units* at the end of the Schedule Adjustment Period.

INTERNATIONAL STUDENTS — Full-time status for international students is discussed on page 10.

Table for Computing Graduate Units

Course Number	Graduate Unit
000-399	2 units per credit hr.

500-599	5 units per credit hr.
600-898	6 units per credit hr.
799	12 units per credit hr.
899	18 units per credit hr.

Course Numbering System

UNDERGRADUATE — eligible to register for courses numbered 000-499.
Freshmen and sophomores may not take 300-499 numbered courses. Any exceptions require special permission from the Dean or Provost.

GRADUATE — eligible to register for courses numbered 400-899.

Course Numbering System

Number	Eligibility
000-099	Non-credit course
100-199	Primarily freshman course

Junior	56-85 semester hours
Senior	86 to at least 120 semester hours

Zero-Level Courses

FOLA 001 FOLA 002 GERM 001 MATH 001* RUSS 001

Although these courses carry credit for billing and status purposes, they are regarded as having zero credit for academic calculation purposes. Therefore, these courses are excluded from the calculation of credits registered at the end of the Schedule Adjustment Period, from the calculation of quality points and from the calculation of cumulative grade point averages.

*Math 001 fees are also discussed under Fees and Expenses.

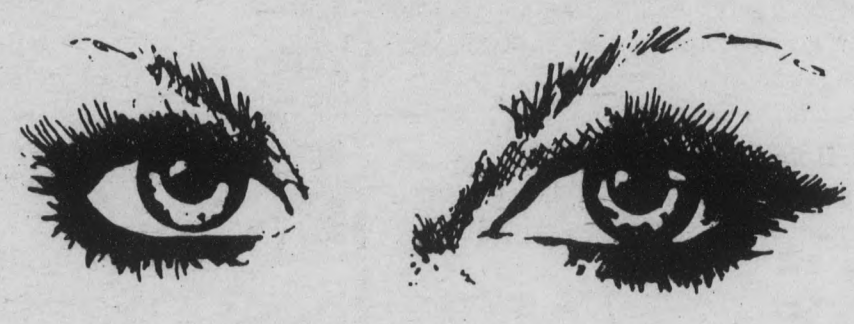
ASK YOUR EYE DOCTOR



Your selection of an eye doctor is the single most important factor in determining your success with contact lenses. When selecting a doctor to provide your contact lens care be sure to inquire whether the practice:

- Is specifically designed to meet the needs of today's contact lens patients.
- Routinely utilizes the specialty lenses available today, including **extended wear, astigmatic soft, bifocal,** and **gas permeable lenses.**
- Maintains an extensive contact lens inventory so that in most cases you may wear your lenses home the same day.
- Has a full range of lens options available including Bausch & Lomb, Hydrocurve II, Permalens, Hydron, Vistakon, CSI, Ciba and Polycon.
- Has a generous refund policy.
